### Circulation Policy

### Overdue Policy

### Library Team

### Library Committee

The Library collection consists of nearly 4750+ books in various disciplines. These are arranged subject-wise. It has also acquired a few ISO standards (International Standards Organization) in digital form. At present, the main motto is to build up the Library collection such that it has information resources up to Ph.D. level, including advanced texts and reference materials.

IIT Dharwad is a Life Member of the prestigious "Current Science Association" of the "Indian Academy of Sciences", and receiving the "Current Science" journal. It also receives some national newspapers and light reading magazines. Very soon, some popular S&T magazines will be at readers' disposal, which will make young minds aware of recent happenings in the scientific world. Being a part of Inflibnet -eShodhSindhu, the serious readers can access nearly 7000+ reputed E-Journals (Cambridge, Oxford University, Springer, T&F, etc.), Elsevier ScienceDirect 05 Subject Collection, Databases (MathSciNet, ACM Digital Library, IEEE Electronic Library, JSTOR, Project Muse, etc.) and Society Publications (ACS, AIP, APS, ASME, OSA, ACM, etc.) literature retrospectively. This collection is the bread-n-butter for the Institute's research scholars and faculty members to quench their thirst for state-of-the-art knowledge.
